

SARATOV FALL MEETING-2017

V Symposium: Optics & Biophotonics

Conferences and Workshops

1. Optical Technologies in Biophysics & Medicine XIX
2. Laser Physics and Photonics XIX
3. Spectroscopy and Molecular Modeling XVIII
4. Nanobiophotonics XIII
5. Microscopic and Low-Coherence Methods in Biomedical and Non-Biomedical Applications X
6. Internet Biophotonics X
7. Low-Dimensional Structures VII
8. Biomedical Spectroscopy IV
9. Computational Biophysics and Analysis of Biomedical Data IV
10. Nonlinear Dynamics VIII
11. Advanced Polarization and Correlation Technologies in Biomedicine and Material Science IV
12. Workshop on Electromagnetics of Microwaves, Submillimeter & Optical Waves XVII
